Yachats, OR, 97498

2/11/21

Dear City Council:

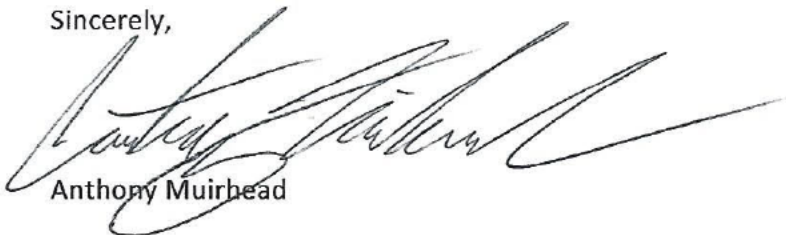

I am humbly requesting an opportunity to serve the Yachats Community. I believe that I can offer a productive voice as we all look to recover from the pandemic. I understand that my position as General Manager at the Adobe would be considered a voice from the business community. I would agree with this as well as point out that I consider my thoughts through the prism of my staff. I would do the same thing as a leader in the community for the citizens of Yachats.

I'm also happy to give you a little bit about my background. I grew up in Myrtle Point Oregon, a small Logging and Dairy Farm community. My parents owned and operated a bakery where I worked starting at ten years old. I started working for the local motel at fourteen years old because I appreciated receiving a paycheck. 😊 I worked through High School and hoped to study Government and History in college. There I met the mother of my two daughters, Madison and Abigail and rejoined the workforce as a young twenty year old parent of a newborn. I was promoted to reservation supervisor after working one summer at the front desk at the Bandon Dunes Golf Resort and set my career in motion toward hospitality management. Through hard work and the ability to lead very talented people to work towards the same goal, it helped bring me to Yachats and the Adobe.

I would love to help foster an environment that protects our resources and drives our community towards a healthy future. I know that we will have disagreements along the way, but I also know the importance of listening to all points of view.

Please let me know how best you feel I can help

Sincerely,

A handwritten signature in black ink, appearing to read 'Anthony Muirhead', written in a cursive style.
