David Rivinus, Yachats Library Commission Chair

March 9, 2021

Dear David:

This letter is to give notice that I need to leave my position as Library Commissioner. Although I viewed this as an interesting opportunity to contribute to and acclimate to my new community, it's become a time commitment I can't honor in good faith.

As I began this position nearly eight months ago, I've had a chance to assess how much I'm able to contribute. Because I work full-time and my business has taken a hit from COVID, I need to put my efforts toward building it back up and focusing energy there.

I've enjoyed getting to know you and the other commissioners and wish you continued success in your leadership role.

I will attend the City Council meeting on March 17 and our next commission meeting on April 8. As I've been gathering information about library websites, I'll wrap that up in the next month or so and turn that over to you or a designated member.

Best regards,

Nancy
