

**DRAFT**

**4/10/2023**

**PW&SC GOALS FOR 2023**

We are challenged to identify projects and work to support the Goals.

**GOALS ESTABLISHED BY CITY COUNCIL**

1. To achieve water sustainability.
  - a. Move forward with South Lincoln County Agreement to become Customer, assisting them in developing their facilities for our potential need.
  - b. Purchase land outside of the Tsunami zone to hold additional raw water storage and satellite Water Treatment Plant.
  - c. Update Water Treatment Plant Systems identified in the Master Plan: Priority 1 &2 Projects
  - d. Update Wastewater Treatment Plan Systems identified in the Master Plan: Priority 1 &2 Projects
  
2. To deliver efficient, effective, transparent municipal services.
  - a. Thru the Emergency Preparedness Committee
    - 1) Determine desires of residents in City support in time of disaster
    - 2) Evaluate locations available to sustain support of residents in a disaster
    - 3) Continue to educate the residents, thru newsletters and table top discussions, and their responsibilities in case of a disaster
  
3. To provide safe access to and use of city infrastructure, trails, parks.
  - a. Consider options for reducing speed on Hwy 101 going thru Yachats
    - 1) More walk lites at intersections
    - 2) Lower speed limit to 25 between City Limits
  - b. Consider options to reduce speeding within the street system of Yachats
    - 1) Reduce current 25mph to 20 or 15mph
    - 2) Add stop signs at intersections where speeding occurs
    - 3) Eliminate passing zones on streets within the City Limits
  - c. Applied for Grant for Transportation Study update
  - d. Implement Planning Commission's Parking Study recommendations for signage and parking
  - e. Consider options to improve safety for pedestrians to cross Hwy 101
    - 1) More walk lites at intersections
  
4. To be environmentally responsible in all that we do.
  - a. Identify alternative sustainable methods to: reduce speeds, mark parking spaces
  
5. To effectively manage and plan for the city's financial needs.
  
6. To synchronize and update city policies and administrative rules.
  - a. Review other similar size communities and their Public Works Policies for improvement to ours

- b. Update and create Public Works Standards in line with community goals.
