YACHATS CITY COUNCIL VISION

Our village is a place where natural resources are valued and protected, where diversity is celebrated, and where a vibrant economy and sense of community pride create and recreate a living spirit. Yachats cares not just for its citizens' basic needs but also supports them in their efforts to excel mentally, physically, artistically, and spiritually. It is a community with an enduring sense of itself. Adopted: April 2, 2009

Mayor's Message

By Mayor W. John Moore mayor@yachatsmail.org

Wow, it's September already. The City Council continued to work through the vacation rental ordinance in our work session in August, reaching consensus on 6 or 7 important issues. We hope to finalize the ordinance in September.

The City is planning to finally get a Transportation Safety Plan (we're one of the few Cities in Oregon that has not done one), and permanent striping on Ocean View Drive will be postponed until we have an opportunity to review the recommendations in that plan, which could take about two years to complete. Until then, we will have temporary striping on Ocean View Drive for one-way traffic only from W 7th Street to W 2nd Street, going south. We will have a one-lane road from Pontiac to the State Park, but it will be open to traffic in each direction – you will just need to wait until the roadway is clear before proceeding. The vast majority of our citizens wanted this kept as two-way traffic flow, at least for the time being. Ocean View from Pontiac to Highway 101 will still be striped for two-way traffic, and permanent striping will be done in this section after the paving is completed.

The Council gave initial approval to the Sign Ordinance that our Planning Commission has been working on for the last couple of years.

Final approval is expected to happen at our meeting in September.

If you would like to make sure you are notified of important news from the City in a timely manner, the new website allows you to do that. Just go to our site at yachatsoregon.org, and you'll see a row of boxes at the bottom of your screen. The next to the last on the right says "Notify Me" – you can sign up with your email for urgent alerts, notices, and any notifications you want for any Council or Commission meeting, or to get the newsletter online. Try it – it's great!

CITY COUNCIL MEETINGS THIS MONTH

Wednesday, September 4 at 9:30 am

Wednesday, September 18 at 6:00 pm

City Meetings this Month

All meetings in Room 1

September 4: City Council Work Session – 9:30 am

September 5: Emergency Preparedness – 3:00 pm

September 10: Public Works & Streets – 3:00 pm

September 11: Finance Committee – 10:00 am

September 17: Planning Commission – 2:00 pm

Summary of Council Activity in

August 2019

- Approved Resolution 2019-84 directing the County to pave and temporarily stripe Ocean View Drive so that the section from Prospect Street to the Park is one-lane but allows for two-way traffic and to have the section from W 7th Street to W 2nd Street be one lane southbound (into the Park).
- Approved Resolution 2019-85 appointing Dawn Keller to the Parks and Commons Commission.
- Approved Resolution 2019-87 to participate in the US Census 2020.
- Sent Resolution 2019-86 moving ending fund balances into capital reserves back to the Finance Committee for clarification.
- Held a public hearing and approved Ordinance 360 on a revised sign code (YMC Chapter 9.44) first vote.
- Discussed issues relating to the vacation rental pilot program.
- Heard presentations from Jim Adler from Regional Water Planning, Jim Graham from the US Census, and Faire Holiday from the Lincoln County Tobacco Retail Licensing program.
- Received a financial services update from COG Finance Manager Sue Forty and Yachats Accounting Services Specialist Ellen Myhrvold.
- Reviewed a first draft of a financial report from the new accounting software system.

- Asked the City Manager to request that the water rate study consider both \$100,000 and \$200,000 per year contributions into capital reserves.

Code Enforcement Update

By Shannon Beaucaire, City Manager

Hello! There was a request at the August 21, 2019 Council meeting for more information about Code Enforcement and I thought the September newsletter was a great opportunity to do just that.

Towards the end of the 17/18 budget year, we realized that we needed to increase the budget for costs associated with code enforcement. The additional funds were to be used for items like vehicle towing, storage or mowing of weeds. As a result, last budget year, July 1, 2018 to June 30, 2019, the City Council authorized an increase in the code enforcement budget to include those costs in addition to the historical amount budgeted for the contract code enforcement officer we have in the office.

From June – September 2018 we had a contract Enforcement Officer to address code related issues over the course of the summer. As winter approached, our Planner Larry Lewis and I shared the Code Enforcement duties while we searched for someone to fill the position. After discussions with the individuals we had contracted with in the past to provide Code Enforcement, as well as discussions with other small cities, Dave Mattison joined our office in January 2019 as Planner and Code Enforcement Officer.

In the first 2 months of this budget year, which began July 1, 2019, Council has been presented with, and has been busy reviewing, logs of code enforcement complaints, last year's expenses for Code Enforcement, costs associated with Code Enforcement in other nearby jurisdictions, opportunities for resource sharing with other neighboring communities, and various trends that are emerging in the field of Code Enforcement.

While Council deliberates these important decisions, I have taken steps to supplement the work of Mr. Mattison. A critical component required of code enforcement is detailed documentation of alleged violations. At times, code violation complaints come in during evening and weekend hours when our regular staff is off duty. I've discussed the challenges of documenting code violations after hours with the Sheriff's Department and they have agreed to assist us with this important task when conducting their patrols of our community. That partnership was recently successful on a situation that was brought to our attention. I am also working closely with a recruitment agency to assist with advertisements, recruitment, and selection of a qualified candidate for a time-limited position to supplement Mr. Mattison's duties with Code Enforcement projects.

I have been reviewing the documented complaints on the 2018 enforcement log and the 12 or so complaints currently being tracked by our new website software. I'm happy to report that most complaints were resolved in less than 20 days. I say most because some issues do take longer to resolve because of their complexity. Code Enforcement is an essential component to building and sustaining a safe, vibrant and livable community. I look forward to working with you and the Council to find the right blend of technology and personnel enforcement options that will honor our code without losing the personal touch of our neighborly and collaborative community. I want to thank the citizens that have taken the time to personally speak to me about their ideas of what an effective code enforcement program in Yachats would include and I look forward to incorporating those suggestions as our Code Enforcement program continues to develop.

Safety Alert: W 2nd Street at State Park

Please be aware that there is a stop sign for traffic heading west into the State Park from W 2nd Street. Please come to a complete stop before turning north (right) onto Ocean View Drive or south (left) into the Park. The traffic from Ocean View Drive in and out of the Park at this intersection does not have to stop.

City Projects – Street Paving

As a reminder, there will be lots of heavy equipment working in the area of W 1st Street, E 2nd Street, and Ocean View Drive in the coming days.

W 1st Street

The engineering and prep work on W 1st Street is complete and the road will be paved when E 2nd Street is ready for paving.

E 2nd Street

September 3 – October 11, 2019

Work begins on E 2nd Street on Tuesday, September 3, 2019. This paving project starts at the intersection of E 2nd Street and Hwy 101 and extends up to the intersection of Prospect Street. In addition, a storm drain system will be installed to handle all the water in this area. The City received a \$100,000 grant from ODOT to fund this section of work.

There will be temporary restrictions on parking in the project area during construction work hours (this restriction will allow contractors to complete the work more quickly). The area will be open to thru traffic in the evenings.

Residents living on E 2nd Street east of Prospect Street can continue to come and go using the side streets that intersect with Yachats River Road.

Ocean View Drive

The paving of Ocean View Drive will occur on September 5th and 6th, 2019. Work between 2nd and 7th Streets is scheduled for Thursday, September 5. The section between the State Park and Highway 101 is scheduled for September 6.

Ocean View Drive between 2nd and 7th will be closed while paving is occurring on September 5. You can also expect lane closures on September 6 between the State Park and Highway 101.

Please be safe around the heavy equipment and allow extra time in your travels in those areas impacted by this construction.

Thank you for your patience as we bring these much needed improvements to the community and don't forget to sign up for the Public Works News Flashes under the Notify Me button on the new website at YachatsOregon.org. This feature is the best way to receive the most current and up-to-date information on this project and the many other projects we do throughout the year.

Public Works

During the months of September and October, weather and work schedules permitting, Public Works will be smoke testing south of the bridge in selected areas.

This is an ongoing process of identifying Infiltration and Inflow (I&I) of ground water and surface water into the sewer collection system. This is accomplished in a couple different ways.

We will be isolating sections of the system and "smoke testing" that area. This is the method of blowing non-toxic smoke into the isolated area and identifying where it comes out. If the "smoke" comes out the building roof vents, that tells us all is well at that particular location. If the "smoke" comes out of a down spout, then we know roof drains are illegally connected to the sanitary system and must be removed. If the smoke appears to find its way up through the ground then we know there are cracks or breaks in sewer laterals or sewer mains and must be repaired.

The second way we check for I&I is by cleaning sewer mains and then running a camera down them to actually look at televised pictures of the inside of the sewer main lines and locate where sewer laterals connect to the sewer main. Once again, we isolate that particular area to do the work and make note of any cracks, low points, breaks, or misaligned pipes. We also identify ground & surface water intrusions. We monitor distance from manhole to come back and make repairs.

Prior to doing this work we will notify neighborhoods that will be affected. We will also notify property owners of any problems that need to be addressed.

If you have any questions please call Public Works at 541-547-3385 or 541-547-3565.

Water Leak Relief Policy

Water leaks can quickly get expensive. A slow dripping faucet can leak 10 gallons per day, a slow leaking toilet can leak 200-300 gallons per day, and a fast running toilet can leak 1,500 gallons per day. Please check your water bills each month to ensure you do not have leaks.

The City's Admin Policy 19 states that leak credits are only given for natural causes and lists natural causes as severe freezing, earthquakes, and earth slides. See the Admin Policies on the City's website at yachatsorego.org under Government > Policies and Regulations > Admin Policies or www.yachatsoregon.org/229

Yachats Trails

By Jan Brown, 541-547-4927

Communications Leader

espressobrown@gmail.com

August was another busy month for the Trails and YIPSI crews. Great attendance enabled volunteers to split into teams and make significant progress on projects that included weeding and clearing of the Amanda Trail, Whale Tail Park and the Wetlands. We also laid down roofing along the wetlands boardwalk to

improve footing and tackled invasives in that area as well.

The project to build a new permanent suspension bridge across the Amanda Creek continues to move forward. View the Future (VtF) recently received a Siletz Tribal Charitable Contribution Fund grant for \$2,000. We extend much appreciation to Drew Caldwell and Meredith Howell for helping Joanne Kittel with this grant application. With a second generous contribution from Nan and Greg Scott, VtF has now raised \$90,000 toward the completion of this project. The third and final set of design and engineering plans has been completed. Due to the funds raised, "bells and whistles" are being added to the bridge project including an expanded south landing for the Eddie Huckins bench. The Community Corrections crew will continue hauling out firewood for pick up by the Job Corps for its winter family program.

For Your Calendar

The Yachats Trails Crew meets on the first Saturday of each month and the YIPS! Crew on the third Saturday, both from 10:00 am – 1:00 pm. There are always a wide variety of tasks for all levels of interest and ability so come join in the fun. We guarantee you a warm appreciative welcome and, if you are so inclined, a friendly social get-together at the Drift Inn to celebrate our accomplishments at the end.

For more information on Trails and YIPS! activities, and to sign up for the mail list, contact any one of us via phone or email or visit our Web site at www.yachatstrails.org.

By Jane Shay

Dolly Parton's Imagination Library: Over 700 Lincoln County children (20 from Yachats!) receive a free book in the mail every month from Dolly Parton's Imagination Library. The program is available to all children under the age of five. To sign up go to imaginationlibrary.com, or stop by the Yachats Library for a registration card. Our local sponsors are the Friends of Yachats Library. If you live in Lane County but have a Yachats address, let the library know and the Friends will ensure that your child gets books, too.

Summer Reading Program: We had a stellar turnout this summer for our *Universe of Stories* Reading Program. Thirty-nine children from ages 4 to 12 years earned a governor's certificate by participating in the program and meeting their reading goal. The seven week program ended with a guitar/puppet performance for the kids by Michael Bradley and an all ages story time with Tracy Chipman. The Friends of the Library provided free books each week and the Yachats Ladies Club donated toys and gift bags to the children at their end of program party.

e-Book Opinion Poll: Would you be interested in the library offering e-books for checkout? Stop by during September and cast your vote. The sheet will be on the front counter by the checkout station.

Little Log Church & Museum

328 W 3rd St 541-547-3976
12pm-3pm every day except
Closed on Thursdays

By Mary Crook

We want to update you about our progress in our project for the restoration of the Little Log Church and Museum. At last month's board meeting, Facilities Manager Heather Hoen presented the preliminary designs for the new building made by Creative Designs, our consulting engineers. Board members reviewed the plans and made some notes before approval.

Our intention has always been to replicate the building as closely as possible to the existing Little Log Church and Museum. There will be some necessary changes to bring it to code, such as raising the building a bit to create crawl space, and providing better access for wheelchairs. We want the overall design to reflect the history and spirit of the historical structure, which has resided at the corner of Third and Pontiac for 90 years.

The city is required to follow specific procedures with regard to requesting proposals from prospective bidders. So, we must be patient during the process.

Meanwhile members of the Friends of the Little Log Church have consulted an attorney who specializes in working with non-profit groups, and have initiated the necessary paperwork to become listed with the IRS as a 501(c)3 organization. This status enables us to engage in fund-raising activities and apply for grants.

Thanks to the Yachats Big Band, there have been two public events this summer to give us some publicity (and raise some money). We are off to a good start.

We want to keep the public informed about how we are doing, and thought a social media presence would be helpful. We would like very much to have help from someone who is technically skilled in that area. A quick survey of our board members told us we are somewhat museum pieces ourselves, and really do not have the knowledge or skills to start up such things. If you know of anyone who is tech savvy, please contact Mary Crook at 541-547-4547, or leave word at the Little Log Church. Volunteers are there between noon and 3:00 pm daily, except Thursdays. Many thanks!

Yachats Lunch Bunch +55

Last Thursday of each month
Yachats Lions Club - 344 W 4th St
Doors open at 11:30am \$5.00 donation

Lunch Bunch will be on Thursday,
September 26, 2019. Our guest chef
this week is Mary Goff.

Menu for September 26

*Spaghetti & Meatballs (gluten free option)
Tossed Green Salad
Garlic Parmesan Bread
Chocolate Raspberry Cake*

Doors open at 11:30, and lunch is served at noon. We meet at the Lions Club, 344 W 4th Street, and our regular age group is 55 and above, though we never check ID's.

Yachats Food Pantry

Open M,W,F 11a-1p
Pam Luderitz 541-547-3493

We have been blessed to have so many of you donate fresh garden produce to the pantry, and the clients are also very grateful. Our many volunteers have stepped up this summer and continue to do a great job. I am hoping to get in touch with someone who can give us fresh dairy for free or at a minimal cost.

Please remember that this is an emergency food pantry and not a place to find snacks for your children during the summer. The snack items are for transients and homeless that have no way to cook. Thank you for your cooperation.

We continue to accept donations of food and cash. If you wish to get a receipt, please notify the volunteer at the pantry. Volunteers are always welcome, just call Pam Luderitz at 541-547-3493.

Beware of Social Security Scams

Residents have been reporting an increased number of Social Security scam calls with the caller stating that your Social Security number has been "suspended" due to "suspicious activity." These callers will make threats of arrest, paying fines, or needing to purchase something.

The Social Security Administration blog post from August 8, 2019 by Darlynda Bogle recommends the following:

- Don't answer calls from numbers you don't recognize.
- Never give out personal information such as your account numbers, passwords, Social Security number, mother's maiden name, or other identifying information if a call seems suspicious.
- **Government employees will not threaten to take away benefits or ask for money or personal information to protect your Social Security card or benefits.**
- If you receive a call from someone asking for your Social Security number, bank account number, or credit card information, don't engage this caller. Instead, hang up and report that information to the Office of Inspector General via their online fraud-reporting form. You should also report these calls to the Federal Trade Commission.

Yachats Arts Guild Workshop

Yachats Arts Guild

2019 Recovery Wellbriety Celebration

Hands Across the Bridge: National Recovery Day is an opportunity to celebrate the over 23 million people in long-term recovery and to bring awareness to some of the most pressing challenges facing our communities. Meet at the Alsea Bridge Interpretive Center, 620 NW Spring St, in Waldport at 11:30 am for the Across the Bridge Walk.

A Barbecue and Celebration follows from 12:30 to 3:00 pm at the Seashore Family Literacy Center, 125 NW Spruce Street.

The Lincoln County Sheriff Substation in Waldport (behind City Hall) will be holding an Rx Drug Take Back at 125 NW Alsea Highway.

1,560 Pounds of Ivy

Volunteers and the Yachats Trails crew pulled 1,560 pounds of ivy on August 24 from the 804 Trail north of the Overleaf Lodge.

Yachats Weed of the Month – September 2019

Himalayan Blackberry (*Rubus discolor*)

Himalayan blackberry goes by various of scientific names, including *R. discolor*, *R. armeniacus* and *R. bifrons*, but they all boil down to one thing – a highly invasive plant that has colonized much of our region. It will need no introduction to anyone who has spent more than a few hours driving around the Oregon coast.

Impact: Himalayan blackberry displaces native plants (including native blackberry), obstructs water flow in streams and irrigation ditches, and inhibits recreational activities. Blackberry enjoys the high rainfall of the Oregon coast. It quickly colonizes disturbed areas such as roadsides and cleared lots. One square yard of blackberry thicket can produce 10,000 seeds each season. Birds and animals can disperse these seeds over long distances.

Identification: Left unchecked, blackberry forms dense, impenetrable thickets. The long, robust canes, sharp spines, white to pink flowers that appear in the summer and the edible black berries all serve to make it easily recognizable.

Management: Blackberry thickets can be controlled by cutting back the stems and then digging the plants out by the roots. Spring is the best time of year to do this, while the soil is still moist and easier to dig. The initial removal should be followed up regularly for several years to deal with new plantlets and sprouts from residual root fragments. Although herbicide treatment can be effective, the city of Yachats discourages this approach. Thanks to the ongoing efforts of the Yachats Trails crew, substantial areas of the Commons Wetland Park have been reclaimed from blackberry.

Contact information: Call Wally at 541 547 5474 if you have any questions. For more information about invasive weeds in Yachats, go to www.yachatstrails.org

Yachats "Weed of the Month" is an informational service of the Yachats Trails Committee and YIPS! - the Yachats Invasive Plants Subcommittee.
