Welcome to Yachats!

You've probably heard that already. I have every confidence that you will hear it repeatedly. We are that sort of town, but then you probably already know that. It may be that quality of Yachats which brought you here...or maybe it's the creativity, or the community spirit, or the chance to participate with others in things you care about. Maybe it's the waves or the sky or the vast Pacific vistas. Maybe it's the forests and the trails of Cape Perpetua. Maybe it's the sand in your shoes from the walks on the beach or the spectacular displays of the setting of the sun. It might even be the rain and the wind that shapes and defines the central Oregon coast.

Whatever your reason for becoming part of our community, I hope you find it everything you hoped it would be and more. Welcome to Yachats. Welcome home.

Sincerely,

Kimmie Jackson
