

Plants in the Yachats Community Park

Common Name	Latin Name	Picture
Arrowhead	<i>Sagittaria latifolia</i>	 A photograph of an Arrowhead plant (Sagittaria latifolia) growing in a shallow stream. The plant has large, heart-shaped green leaves and small white flowers with yellow centers. The water is clear, and the surrounding area is lush with greenery.
Beach Strawberry	<i>Fragaria chiloensis</i>	 A close-up photograph of a Beach Strawberry plant (Fragaria chiloensis). The plant features several large, white flowers with prominent yellow centers and green, serrated leaves. The background is dark and out of focus.
Blue-eyed Grass	<i>Sisyrinchium</i>	 A photograph of a Blue-eyed Grass plant (Sisyrinchium). The plant has several thin, upright stems with small, vibrant purple flowers. The background is a blurred natural setting.
Camas	<i>Camassia</i>	 A photograph of a Camas plant (Camassia). The plant has a single, tall, slender stem with a cluster of small, purple flowers at the top. The leaves are long and narrow, and the background is a soft-focus green.
